

Trainee Site Manager

Westridge Construction Ltd

JOB DESCRIPTION

Westridge is a forward looking construction company planning to expand our operations in the South-East to in excess of £60m over the next few years.

Due to this continued growth we are currently looking for a school/college leaver to join our team, if you are looking for a permanent position, this may be the opportunity for you!

As a Trainee you will learn and develop skills in various departments that will lead to a role in Site Management. The successful candidate will join Westridge Construction on a permanent contract. You will be supported by a structured in-house training programme and we will also support you through your qualification, you will experience on-going Manager interaction, mentoring and regular progress meetings. In return we require you to be eager to learn, keen to get ahead and willing to work in all areas of the business.

This is a great opportunity to earn a salary and gain on-the-job work experience whilst obtaining your qualification.

You will receive full training in various departments (listed below) that will lead to a Site Manager role within our company.

Site Management

- Planning, programming and control of on-site activities
- People Management, building good relations with staff, clients and subcontractors
- Management of the plant and materials on a day to day basis
